

[COGS 9] Discussion Reading 5, Text/Geospatial

Reading Quiz 5 due on March 10th (Friday)

Final Project Part 2 due on March 19th (Sunday)

Fill out CAPE Reviews (2 bonus points)

An abstract network diagram on a black background. It features numerous small circular nodes, some of which are highlighted with concentric circles. These nodes are interconnected by a web of thin, curved lines in shades of teal, orange, and yellow. The lines create a sense of dynamic movement and complex relationships, with some lines forming dense clusters and others extending across the frame.
