Accountability in Algorithmic Decision Making

BY NICHOLAS DIAKOPOULOS

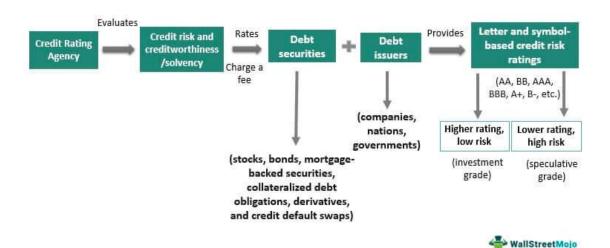

Algorithmic Decision Making

- 1. Prioritizing
- 2. Classification
- 3. Association
- 4. Filtering

Government vs. Private Sector Accountability

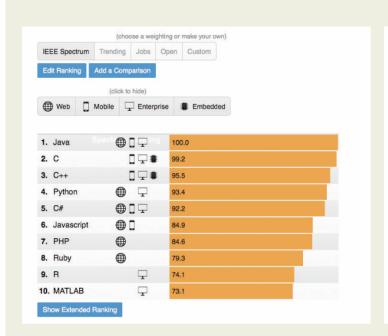

What Are Credit Rating Agencies?

An Algorithmic Transparency Standard

- 1. Human involvement
- 2. Data
- 3. The model
- 4. Inferencing
- 5. Algorithmic presence

IEEE top programming languages ranking and reweighting interfaces.
